

Paying with Mobile Regi

What is Mobile Regi?

Mobile Regi is a service that enables you to easily pay from home or while out and about, without having to go to a bank or a convenience store, by scanning the barcode on the pay slip with your smartphone.

How to Use

- 1) Download the Mobile Regi app at <https://bc-pay.jp/mobile/A/wa01.html>.
- 2) Launch the app and select “begin scanning barcode” (バーコード撮影開始.)
- 3) Scan the pay slip’s convenience store barcode using the camera.
- 4) Select the payment method and pay.

Important Notes

- Receipts are not issued for smartphone app payments. If you need a receipt, please pay at a financial institution/bank, a convenience store, or Oshu City Hall's Tax Payment Window.
- If you pay your light motor vehicle tax by app, the receipt for the tax payment certificate (for recurring inspections) will not have an official stamp, and so cannot be used for vehicle inspections.
 - ※ You will have to go to Oshu City Hall and apply for the tax payment certificate as a separate document.
 - ※ Oshu may need 2-3 weeks to verify the payment.
- You cannot use an app to pay taxes at a bank/financial institution, convenience store, or the tax payment window at Oshu City Hall.
- If you pay by automatic bank transfer and wish to pay with an app, you must cancel your transfer payments at least a month before the deadline of the tax payment in question.
- There's no service fee, but phone data/connection fees are the payer's responsibility.
